Daily Program  
Including Transportation  
Begins Jan 1<sup>st</sup>***

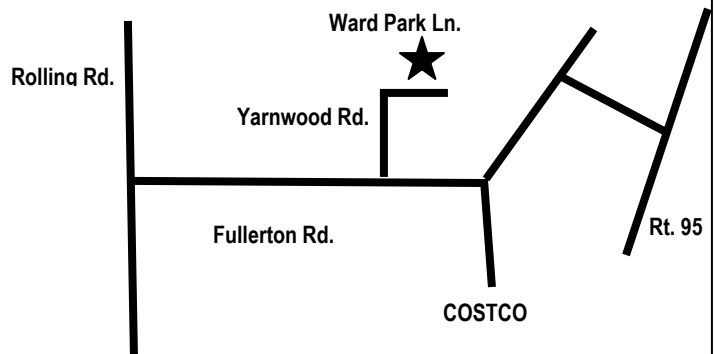

The Pinkman Baseball Family earned its excellent reputation by raising teaching standards, fulfilling an absolute commitment to personal service and most of all providing results. Communication and dependability are at the cornerstone of our Academies. Our constant growth since 1992 has come from the steady stream of referrals from the parents of our students.

Our New Springfield Academy will join established and successful baseball communities. We are convinced that working together we will continue to educate extraordinary student athletes.

During our 14 years of professional instruction we have found that our mission is the same as most of our parents. That is to develop the whole athlete. *We have achieved that by teaching: fundamental skill, handling pressure, tactics, athleticism, nutrition and most important athletic values.*

***Pinkman Baseball Academy  
Opens Dec 1st
